About 30 of the young people in this vicinity made an unexpected call upon Mr. and Mrs. Harry Hovey last Tuesday evening. It was a very comfortable surprise to them as was also the handsome chair and silver knives and forks which were presented them. A very pleasant evening was enjoyed by all.

There will be no lecture in the Congregational church on March 31st as advertised. He who was to have spoken upon "Ultimate America" has been lifted to that height of clear vision where the future is no more veiled than the past, or present, but unfolds before the eye without confusion, or concealment, of mist and cloud, a far stretching landscape of river, and sea, and plain and shining peak. Those who know with what earnestness Dr. Heath espoused the noblest national ideals, and how broad his was able to estimate the play and issue of moral forces, hold an unpeakable regret that the lips of a seer and patriot are sealed by death. He handled the great themes of church and state with large thought and feeling. But, better yet, he did his work in a genuine reverence for God and regard for man, and when the hour came he was not afraid to look God in the face. Such men are the true makers of nations and empires. With such as he "Ultimate America" is safe!

## Resolutions Adopted.

The following resolutions were adopted by the North Congregational church of New Bedford, Mass., Sunday, March 19, upon learning of the death of Rev. Dr. Heath, wishing thereby to express to the people of St. Johnsbury their deep feeling in the great loss to this community and the church at large:

Resolved: That, though the church relations between Dr. Heath and the church were dissolved ten years ago, the memory of his gracious ministry to us during his long pastorate remains green and is one of our most cherished possessions. His coming to us was providential; his departure was much deplored. His work among us, and in this community, was successful beyond the measure of most ministries. His frequent visits to us since the pastoral relations were dissolved have been benedictions, and each recurrence thereof has left us better men and women. His personality was strong, benignant and inspiring. We feel that his death is a severe loss not only to the community where he labored when the Lord took him, but to this particular church as well.

Resolved: That we tender our deepest sympathy to his widow and children, to the North Congregational church of St. Johnsbury and to the city of St. Johnsbury, in their affliction by the removal of our dear friend from their midst.

## Give the Children a Drink

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 15 and 25c.

The Storm. The storm of Thursday left every bush and tree and fence and building so picturesquely adorned with the "beautiful snow" that a very host of amateur photographers were out for views Friday morning. Sargent, which is, we believe, the first work of the kind done in St. Johnsbury and was very successful. Other interesting and artistic pictures are shown by the local photographer.

Negroes in the South. It is generally understood that there are a great many very prominent colored people in the South, who have risen from slavery to places of position and trust. Among the more prominent is Dr. L. A. Scruggs of Raleigh, N. C. He is a physician who has done a great deal for his people. His chief effort was the establishment of a sanitarium at Southern Pines, N. C., where invalid colored people may have comfortable quarters and proper medical attention. The Doctor has received considerable assistance from people throughout the north especially in connection with the Sanitarium. The Pickfords of Massachusetts contributed largely to the establishment of the institution, and it bears the name of that prominent Massachusetts family. We have very favorable reports about the institution and Dr. Scruggs, from the many visitors from this section who have gone to Southern Pines during the past two winters. Southern Pines is located on the Seaboard Air Line, that has its office at 306 Washington St., Boston. The S. A. L. makes close connection with the Merchants and Miners steamers and we advise you to go from Boston via the Merchants and Miners.

Now is a good time to go South and escape the severe weather of the next few months.
